

Bay Lake

Improvement Association, Inc.
April 19, 2013

Dear Bay Lakers,

The Bay Lake Improvement Association has been successfully fighting Eurasian Watermilfoil in Bay Lake since 1992. We have accomplished this because of your support and an aggressive plan to deal with it.

The Bay Lake Improvement Association will continue its efforts with the same plan that has been in place since 1992. BLIA will be responsible for the entire program. We will be contracting with Buddy Divers for lake wide surveys and Lake Restoration Inc. for chemical treatments. We have always kept the treatment sites as small as we could and we will continue this practice.

We need your help this year with your authorization to chemically treat Eurasian Watermilfoil that may be found within 150 feet of your shoreline. **This signature will be valid for treatments in the following five years of 2013, 2014, 2015, 2016 & 2017.** We need your reply as soon as possible so we can survey and treat sites in mid June, then again in the fall.

Sincerely

David Devins
Aquatic Invasive Species Committee

We need your signature on the attached form and mailed to:

David Devins
PO Box 1220
Minnetonka, MN 55345

**You may also scan and email the form to: davidd953@msn.com
Without your signature we will not be able to treat any EWM sites discovered within 150 feet of your shoreline.**

-----Cut here, sign and mail ASAP!-----

Attn BLIA,

Yes, you have our permission to chemically treat along our shore for Eurasian Watermilfoil in 2013, 2014, 2015, 2016, 2017. Please provide all the information listed below.
